

making the most of mission trips

questions for reflection and discussion

Talk about these question with your team members

before the trip

- Why are you going on this trip?
- What do you hope God will do in your heart?
- What do you think you will contribute to our team?
- What do you think you will contribute to those we serve?
- How are those we'll be serving different from us? How can we start preparing ourselves for those differences?

during the trip

- What did you see God do today?
- What was the high point and low point of today? Why?
- What made you mad, glad, sad, or scared today? What caused you to feel that way? How should this affect what we do now?
- How did we serve each other today? How can we do better tomorrow?

after the trip

- Has your perspective changed at all since we left for the trip?
- How do you know God better now than you did before?
- What did you learn from those we served?
- What one thing did you do on our trip that you want to continue to do now that we're home?
